## OKC Get-together August 7 10:30 AM Ingrid's Ktichen

Even though it was 91° by 10:30 AM, we had 5 Healeys driven to Ingrid's in OKC! Present were Norman Ward (100), Nathan York (new 100-6), Dane Marable (Bugeye), Del Rentzel (Bugeye), and Chuck and Mark Anderson (Bugeye). Don Ethridge did show up in a convertible (but it was a Miata). Pathfinder Del (Bugeye) was late because he got lost.

Ingrid's food was as good as ever. A band showed up and there was dancing by 11:30. (Significant others- it may be time to attend a Healey meeting)

Norman showed us his new tonneau fitted by a local tradesman. He'll have his top fitted soon. He also mentioned his car rides much better after he had his rear springs redone. Some were re-arched and others had another leaf added.

Norman Ward's 100, Editor's Red Bugeye, Dane's white Bugeye.

Don (looking into car) asks Del “What do all these G#% D\*&\$# toggle switches do?”

Mark Anderson sleeping in the Bugeye on the way home after a big breakfast of sausage and eggs, eggs, waffles, bacon, sausage, and chocolate milk.

## GREETINGS It's that time again

Time to dust off that Healey

Time to remember:

- How much you enjoy driving your Healey
  - How much you enjoy showing off your Healey
  - How much you enjoy looking at other Healeys
  - The Healey friends you have met at Tri-Healey
- and, most importantly, how much you enjoy just getting together with the Healey crowd for a weekend of camaraderie.

The Oklahoma Austin Healey Owners Club is sponsoring this year's Tri-Healey meet and have a great meet planned.

## Conclave 2010- Galena Illinois

Attended by the Andersons. Chuck, Dana, Chase, & Mark. Also Chuck and Edie Anderson

Mark and Chase at the base of the St Louis Arch (Our Sat. night stopover)

Bugeye on trailer borrowed from Don Ethridge. My parent's 3000.

Actual 100S being driven out past Galena's 'flood gates'. These gates can be closed in case of a flood. This 100S was one of the 20 pre-production 100's that was later converted to 100S specs. Great piece of unrestored Healey history. More in the next issue.

Ron Varley 100S (replica- notice left hand drive.) Hopefully he'll bring this to Tri-Healey.

Mark Baker's 100R (What a 100 Rallye car would look like if the factory had built one)

**OKLAHOMA** – *Oklahoma Austin-Healey Owners Club* members Dane Marable and Rocke Amonette used a warmed-up Healey to chase the chill still lingering. The club's newsletter editor, Chuck Anderson, is realizing a dream come true of a proper garage to house and work on Healeys – after eight

months it's a reality. The garage is complete with workbench and final touches of Healey posters on the walls.

**UTAH** – *The Bonneville AHC* had eight members make a trip to the Hill Aerospace Museum. The experience was labeled as great. One of the Blackbird pilots volunteers once a month to give tours and talk to people in attendance. The highlight of the day was for Doug Lewis to be selected for a one-on-one with this pilot for the day. **HM**

Is Charlie receiving your Area Club's newsletter? We're anxious to include highlights of the activities of all Area Clubs in the HEALEY CHATTER column, but to do that Charlie needs to receive your newsletter. Please put Charlie on your mailing or emailing list so that he receives your Area Club newsletter regularly. And don't forget to email him a photo or two (hi-res, jpeg format, please) of your recent activities. Healeys were used to parade the F1 drivers at the Canadian GP.
